

President's Message – March 2022

As I am writing this, plans are finishing up for the 2022 Annual Convention April 4, 2022, through April 6, 2022. There is plenty of excitement with this conference, not only do we have the opportunity to meet in person this year, but we get to network with our Missouri colleagues (MoHIMA). I hope that many members will convene at the Branson Convention Center to connect with other individuals. We become empowered through the associations we make when networking. I look forward to meeting with each of you and finding out what we can do better as an Association.

Too, I am honored to have followed in the footsteps of the previous leaders of ArHIMA who had the foresight to recognize networking and volunteering is as relevant then as it is now. My time has been very rewarding both personally and professionally. As an educator in health information management, it has been inspiring to work with individuals who are successful in their own right, and who are also committed to advancing the profession of health information management.

If you would like to help guide ArHIMA through the coming years and form valuable relationships, consider volunteering on a committee to get your feet wet and then consider serving as an elected member on the board of directors.

Warm Regards,

Tina Cikanek, MBA, RHIA, CCS
2021-2022 ArHIMA President
